

# 2025 eBook: Specialist Insights on Alzheimer's Disease

Crescendo Care provides an extensive analysis of various biomarkers associated with neurodegenerative diseases. We particularly focus on several key biomarkers for Alzheimer's Disease. In addition to these, we offer customized panels that can include additional tests tailored to specific needs.

Feel free to reach out with any inquiries or to propose other biomarkers that may be of interest!

## ALZHEIMER'S DISEASE

Beta-amyloid protein (A $\beta$ 42 and A $\beta$ 40)

Neurofilament light chain (NfL)

Phosphorylated tau (p-tau181)

Total tau protein (t-tau)
